I. Think About the BIG IDEA... Character Traits
Characters show what they are like through their Thoughts (what they think), Actions (what they do), and Dialogue (what they say).

Analyzing
CHARACTER TRAITS
What are character traits?
Character traits describe what a character is like, or their personality.

How can I find a character's traits?
Clues from the text that tell us a character's traits include the character's thoughts, dialogue, emotions, and actions.

THOUGHTS What does the character think? I know I can beat my best time!	DIALOGUE What does the character say? I will come by later! I have to finish my chores first!
EMOTIONS How does the character feel? After months away, Sam's dad was finally coming home. He could not hide his excitement!	ACTIONS What does the character do? Jake practiced every day so his singing could shine at the spring concert.

Listen to this read aloud of The Recess Queen and think about her T.A.D. (her Thoughts, Actions and Dialogue)
